REINSTATEMENT OF LATE FEES, LEVIES AND WARRANTS

As of September 1, 2020, the City of Easthampton reinstates the issuance of late fees, levies, and warrants. This notice amends the March 2020 notice suspending late fees, levies, and warrants for Easthampton residents and businesses.

With many local funding streams depressed due to COVID-19, the City must restate late fees in an attempt to keep on budget targets.

The City continues to search for grant dollars to relieve the tremendous economic strain on our residents and businesses. Both the City’s Rent Relief and Small & Microenterprise Business Funds are great examples of obtaining state and federal monies for direct use by the people of Easthampton.
