Park Street Roundabout Improvements - Notice of Road Construction

Beginning the week of May 10, 2021 and continuing through August 2021 motorists using Park Street will encounter possible delays and variable traffic patterns as crews complete work on the Mountain View School roundabout.

Motorists are encouraged to seek alternate routes to avoid delays. The road will remain open at all times but may be reduced to one lane of travel (using a police detail) or be routed into and through the roundabout. Please be prepared to stop or move through the intersection slowly. During construction the roundabout will not be fully functionable and delays and slow speeds are advised.

Parents entering and/or exiting the school properties should follow more detailed information provided by the School Department. Contractors will be taking steps to reduce work during school arrival and dismissal times. Maps and information about the road plans and up to date construction schedules can go to: https://epsd.us

The full press release is available on the city website.
